Version 6.3.6

Release Notes · https://support.ontimesuite.com/docs/release-notes-otms/617/

What’s New?

Backend

- Made several improvement to the subscription hub

Bug Fixes

Desktop

- Fixed an issue in the Group Viewer where removing the last selected user checkbox while using Show Selected caused an error.
- Fixed an issue where a group would not appear in the Group Panel if its name matched a group category.
- Fixed a formatting issue that caused date ranges to display incorrectly.
