How do I set up an access code for a Room Display device?

FAQ · https://support.ontimesuite.com/docs/faq-otrd/how-do-i-set-up-an-access-code-for-a-room-display-device/

Open the Room Display administration interface and sign in using the administrator password. Navigate to Display Configurations, select the required display configuration, open the Dialogs tab, enter the desired access code in the Password field, and click Save.
