Version 3.0.2

Release Notes · https://support.ontimesuite.com/docs/release-notes-otrd/version-3-0-2/

Bug Fixes

- **Display Selection Menu Error:** Resolved a regression issue where typing in the password field within the display selection menu caused an error to be thrown.
- **Missing Event Titles for Multi-Room Bookings (Microsoft Only):** Fixed an issue in the Microsoft version of OnTime where, if an event was booked across multiple rooms, the event title was sometimes only shown for the first room listed
